FEATURES

HIGH-QUALITY CHROME PLATING

Commercial-quality plating won't rust, chip, peel, flake or discolor.

HEAT-RESISTANT

Automotive-grade PC/ABS material won't warp, wrinkle or sag.

DURABLE

Rugged polymer construction. Won't dent or ding and resists impacts from most common road debris.

INDUSTRY-LEADING WARRANTY

24-month warranty protects your investment and provides peace of mind.

D.O.T. COMPLIANT

Large removable center cap for easy access to hub for road-side inspections.

EASY INSTALLATION

Installs simply and easily by threading on to existing wheel studs.
No modification to wheel is necessary.
